

# STARAiD REVOLUTION

© bSentient B.V. 2021

Please go to [staraid.ai](https://staraid.ai) to learn more about StarAid Revolution and how to use it.

Hereby bSentient B.V. declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC. The declaration of conformity may be consulted at [staraid.ai/compliance](https://staraid.ai/compliance).

StarAid Revolution contains open source software. The related license texts and the distribution procedure can be found with a web browser by navigating to the About section of the StarAid app.

## WARNINGS AND CAUTIONS:

- Keep away from liquids and humidity.
- Do not expose the sensor to direct sunlight, with- or without optics.

- StarAid Revolution is a scientific instrument. Do not use in wet locations, directly exposed to water.
- Before replacing, disconnect mains power to avoid electrical shock.
- This product is not a toy designed to be played with by children.
- Do not place on hot surfaces.
- Do not operate or store outside the environmental specifications.
- For safety reasons and under the terms of the warranty, none of the enclosed devices should be opened.
- For safety reasons and under the terms of the warranty, only use a USB compliant power supply, charger or power bank rated 5V and 1.0A or better. Using a different supply can damage the product.

#### WARRANTY:

bSentient's two-year warranty is valid if the product is used in accordance with the instructions and for its intended purpose. Claims will only be accepted on submission of the original proof of purchase (invoice, sales slip or receipt) stating the purchase date, the name of the dealer and the description of the product.

The bSentient warranty lapses if:

- Anything has been changed, crossed out, deleted or rendered illegible on the purchase docket or product description.
- The failure is caused by damage, faulty connections or abuse.
- A defect is caused by extreme circumstances not inherent to the product, for example, lightning, flooding, fire, incorrect use or negligence.
- The product has been opened or disassembled.

Wireless specification:

Wireless RF mode frequency band: 2402.0-2480.0 MHz

Wireless communications protocol: IEEE 802.11b, 802.11g, and 802.11n

Environmental specifications:

Temperature (operational): -15°C ... +40°C

Temperature (storage): -20°C ... +60°C

Relative humidity (operational): 20%-80%  
non-condensing

Relative humidity (storage): 20%-95% non-condensing

**CLEANING AND MAINTENANCE:**

Do not clean when the product is on and connected to mains power. To avoid scratching the product should only

be cleaned with a soft dry cloth. Avoid direct contact with the CMOS sensor when cleaning. Do not use cleaning agents.

Disposal of your old product:

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused. When this

 crossed-out wheeled bin symbol is attached to a product, it means the product is covered by the European Directive 2002/96/EC.

Please find out for yourself about the local separate collection system for electrical and electronic products.

Please act according to your local rules and do not dispose of your old products with your normal household waste. The correct disposal of your product will help prevent potential negative consequences for the environment and human health.
